Thomas Eckert Weds His Rich Father's Housemaid

### Is Being Sued by Brother, Who Wants to Break the Will.

New York, N. Y., Feb. 14.—Thomas T. Eckert, Jr., son of the late Gen. Thomas T. Eckert, former head of the Western Union Telegraph company, is one of the defendants in a suit brought by his brother, J. Clendenning Eckert, to break the will of the general and secure a larger share of the \$3,000,000 estate, for which he was cut off with a bequest of \$50,000 and a small annuity. Thomas's wife was Marie Esan Eckert, a former servant in the general's home. It is charged that Thomas T. Eckert, Jr., together with the general's secretary, used undue influence with the aged head of the Western Union to draft a will practically cutting off the plaintiff.

### SANTA ROSALIA'S PAY ROLL SETTLED

Greene-Cananea Smelter Is Running Six Furnaces Now.

Cananea, Mexico, Feb. 14.—Charles H.

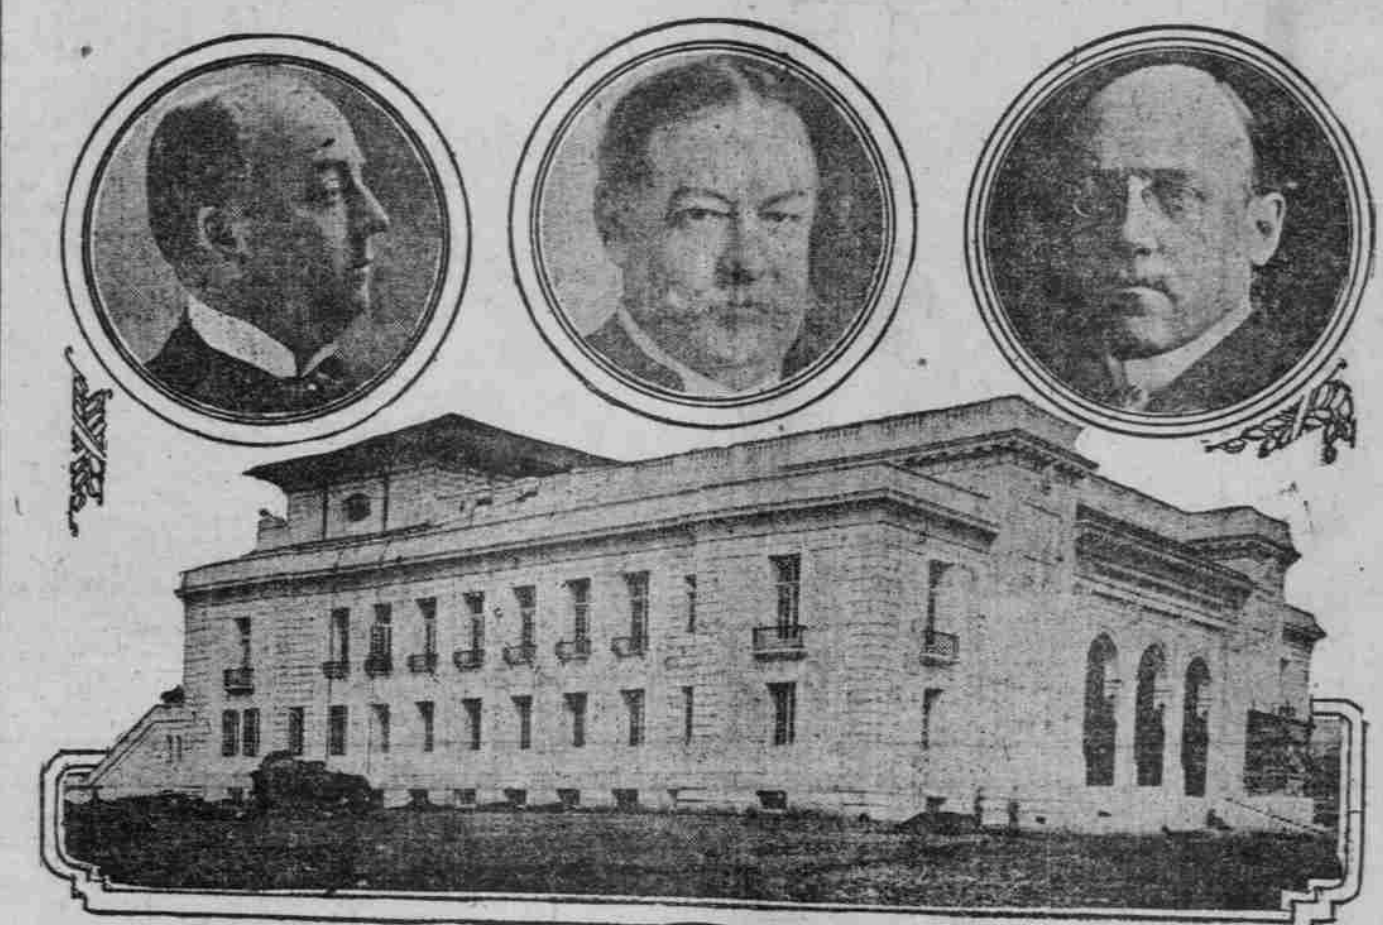

### When Your Hair Is Dull and Dusty

(From the Montreal Tribune.)  
"Washing the head requires time, exposes one to catching cold, and when all is done it is a question if you have helped the appearance of your hair. Too much moisture injures the hair."  
"On the other hand, a dry shampoo requires only a few minutes. The powder is sprinkled on the head, then brushed thoroughly through the hair. That is all there is to it. It takes out all the dust, oil and dandruff and leaves the scalp rested, cool and refreshed."  
"The best dry shampoo powder is a mixture of four ounces of orris root with four ounces of starch. There is a natural hair grower and makes the hair glossy, brilliant and fluffy. Use this dry shampoo once a week, and if your hair is inclined to be harsh, dry or faded it soon will become soft, lustrous and silky."

Phillips of Watertown, N. Y., and M. L. Stearns of Montreal, Canada, are stockholders in the Santa Rosalia Mining company, are in the city on business connected with the company. Soon after their arrival they made arrangements to settle up the payroll of the mine, which had been missed for two months. No work is being done at present at the property, work being suspended several weeks ago. They do not commit themselves as to when the company will again resume operations, but state that work will be resumed at some future date.

W. D. Thornton, president of the Greene-Cananea Copper company, arrived in the city from New York this week and is at present making his regular inspection visit to the property of the company.  
Six furnaces are now in use at the smelter of the Greene-Cananea company. Work on the various new equipments for the handling of the concentrates is progressing nicely and everything will be in readiness for the handling of the concentrates in a short time.  
The new casting mechanism is now in use, being placed in commission this week.  
**Does Not Need Concession.**  
The Calumet and Sonora Mining company has been granted a concession for the importation of crude oil for fuel purposes by the Mexican government. However, the company will have no occasion to take advantage of the concession, as it will not use fuel in a short time. It made application for the

## Cementing Business Cordiality Between Pan-American Countries

### Conference Being Held in Washington Will Urge Trade Agreement.

Washington, D. C., Feb. 14.—Owing to the moral protectorate that the United States has virtually established over several Central American republics and the rapid progress that is being made toward the completion of the Panama canal, exceptional interest is being manifested in the annual conference of the Pan-American union in session in this city.

This organization is made up of the republics of North and South America, and up until a year ago was known as the Bureau of American Republics. The purpose of the conference as announced by the director general, John J. Barrett, is to develop active and widespread interest in the opportunities for the extension of trade among the American republics, or between the United States and its 20 sister countries situated south of it. The conference will also consider thoroughly the important question of preparation for the advantageous use of the Panama canal—a matter that has been neglected by the great majority of the commercial organizations and business houses carrying on an export and import trade.

**Has Administration Support.**  
The conference has the vigorous support of the Taft administration. The president believes that it will be better for the whole continent when more cordial trade relations are established, and he has in mind the establishment of a reciprocal trade agreement between the United States and his sister American republics, similar to the Canadian agreement made before his inauguration. He is anxious to have all these agreements completed by the time the Panama canal is opened.

Both the president and secretary Knox delivered addresses at the opening session and in brief, expressed views on this subject, great interest was manifested in what they would say. Addresses also were made by several of the Latin-American ambassadors and ministers and other distinguished officials.  
Following the opening of the conference yesterday afternoon, this morning the practical work of the convention started, and the sessions will continue morning, afternoon and night until Saturday, the 18th. There will be discussions of a large variety of subjects affecting trade conditions, conducted by the best official and private experts in the country. The state department of the United States is concentrating by detailing several of its diplomatic and consular officers who have posts in Latin America to attend and participate while, on the other hand, the diplomatic and consular representatives of the United Latin American countries in the United

Pan-American building in Washington, where conference will be held, and some of the prominent men who will participate.  
At the top beginning at the left are John J. Barrett, director of the Pan-American bureau; president Taft and secretary of state Knox. The insert below is Henry White, former United States ambassador to France, and chairman of the United States delegation to the Pan-American conference in Buenos Aires.

States have been invited to be present and take part in the discussions. The bureau of manufacturers of the department of commerce and labor is likewise cooperating and instructing several of its experts to deliver talks on those points which both exporters and importers desire to have elaborated. A number of the delegates of the United States to the International Conference of American Republics, which was held last summer in Buenos Aires, Argentina, will also be present.

**Differ From Other Meetings.**  
Several features of the conference will differ radically from other meetings of business men. It will be educational and informative, rather than controversial. No political or partisan issues will be debated and no resolutions adopted which have any bearing upon unsettled issues before congress or the people. In this way the difficulties will be avoided which often mar the success of gatherings intended to promote foreign commerce. Instead, moreover, of having a long program containing a list of addresses and speakers, which makes the meetings seem never-ending and tiresome to the delegates in attendance, the addresses and talks will be informal, permitting of interruption at any point and the asking of questions by the others present. Certain designated persons will be called upon to introduce the discussions, and they will be followed by others who may wish to enlarge upon what is said or to make inquiries. In this way all the delegates in attendance will have an opportunity to participate actively in its proceedings.

considerable amount of machinery, including a cyanide plant. President Edw. Dufourcq of New York is at present in the mine.  
The reverberatory furnace at El Triunfo mine, near Arizpe, is almost completed and will be ready for blowing in in a short time. President A. C. Charlott is at present at the property.

The Empire Mining company, a recent organization, will soon transfer its property to an American company, the Dolores Mining and Development company, with offices at Oakland, Cal. J. Hillberg is president and J. P. Tourney is secretary of the American company. The Empire owns 95 per cent of the mine, and 30 of which are in the Cananea district and 65 in the Magdalena district. The American company will have some development work soon after taking over the properties.

### STRIKES BONANZA ORE IN THE PARRAL, CHIL, DISTRICT.

Santa Ines Mine Uncovers Ore Running 8 Kilos Silver and 23 Grams Gold.  
Parral, Mex., Feb. 14.—A bonanza vein of ore running 8 kilos silver and 23 grams gold with a minimum of 3 kilos and 8 grams, was struck at the Santa Ines mine near the Parral in this district. Messrs. Sarabia and B. tello, the owners, have only been working the property about five months. The vein struck is eight meters wide and there is no indication that the vein will show more width as work progresses.

A fair quality of low grade silver ore had been the fruits of the work in the past and the shipments averaged about five cars a week to the smelters.  
More men will be put to work on the property and the tonnage will be materially increased from now on. Messrs. Sarabia and Botello are also the owners of the Apodiquena mine, for which a sum in excess of \$600,000 was offered last week by an American syndicate. This property is also in this district.

**ADS BY PHONE.**  
You can easily sell it. Call Bell 115. Auto 1115, tell the girl what it is and The Herald will sell it. No bother, no formality.  
You are probably aware that pneumonia always results from a cold, but you never heard of a cold resulting in pneumonia when Chamberlain's Cough Remedy was used. Why take the risk when this remedy may be had for a trial? For sale by all dealers.

### THREE SISTERS WITH MANY MISFORTUNES

Boston, Mass., Feb. 14.—Miss Edith Deacon, one of the beautiful and unfortunate Deacon sisters, known on two continents as "The Three Graces," by the recent death in Baltimore of her fiancé, George Lee Peabody, banker and member of the distinguished Boston family of that name, has added another love misfortune to the many that have befallen all three sisters. Mr. Peabody died after three operations for the removal of a growth on the brain, his illness causing the postponement of his marriage to Miss Deacon many times.

It had been the hope of all that Miss Edith would escape the strange fatality

in love that seems to pursue the family. Her sister, Dorothea, now the princess Radziwill, of Poland, is leading an unhappy life in Rome, denied recognition by her husband's family, and her other sister, Gladys, who once excited an infatuation in the heart of the crown prince of Germany, is said to be now in love with a noted English nobleman whom she cannot marry. But the engagement of Edith to George Lee Peabody seemed to be the most hopeful as well as the most reasonable of the romances and until last fall, when Mr. Peabody suffered the accident that affected his brain, a happy future appeared to lie before them.

### SIXTEEN CHINAMEN DEPORTED BECAUSE OF CANANEA FIGHTS

Cananea, Sonora, Mexico, Feb. 14.—The Highbinder disturbance here has ended and as a result 16 Chinamen have been sent to Guaymas, Sonora, from where they will probably be sent back to China. At least, this is the intention of mayor Eduardo R. Arnold, who states that Mexico can easily get along without Chinamen of that caliber.

Six Chinamen were sent on Friday and 10 on Saturday in charge of a strong guard which was composed of volunteers.

**STATE OF OHIO, CITY OF TOLEDO, I, FRANK J. CHENEY, make oath that I am a partner of the firm of F. J. CHENEY & CO., doing business in the City of Toledo, County and State of Ohio, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of CATARRH that cannot be cured by the use of HALL'S CATARRH CURE.**

## WOMEN MAY AVOID OPERATIONS

By taking Lydia E. Pinkham's Vegetable Compound

The following letter from Mrs. Orville Rock will prove how unwise it is for women to submit to the dangers of a surgical operation when it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before.

Here is her own statement.

Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for seven months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it."—Mrs. Orville Rock, R. R. No. 6, Paw Paw, Michigan.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for women's ills, and has positively restored the health of thousands of women. Why don't you try it?

### Getting Worse and Worse

Letter From Mrs. Rogers, at Pages Mills, Describing Serious Situation and Final Relief.

Pages Mills, S. C.—"I was so weak," says Mrs. Fannie Rogers in a letter from this place, "that I could scarcely do anything, without getting so nervous I would have to lie down and rest. I hurt all over. The pain in my back and shoulders, and awful drawing pains, made me think death was near. I kept getting worse and worse."

I was taken to the doctor, but he only gave me temporary relief. When I discontinued his treatment, I was worse than before I began. At last, my husband bought me some Cardui. It gave me relief as soon as I took it. Now I feel good. Cardui is worth its weight in gold."

Weakness and misery, are signs that you need a tonic. Pains of any kind, especially backache, or pain in the side, are generally signs of womanly trouble. Cardui, the woman's tonic, has proven especially beneficial in such cases, whether the pains were caused from overwork, or by general womanly weakness. It builds up the womanly constitution, and restores the lost nervous energy.

During the past 50 years, Cardui has helped thousands of weak women. Please try it, for your ailments.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and a 24-page book "Home Treatment for Women," sent in plain wrapper, on request.

### Is the Tuberculosis Crusade Losing Ground?

Despite all the efforts being made by advocates of fresh air and cod-liver oil treatments, the number of new cases has not been noticeably decreased.

Write to us and ask to be referred to Clergymen, Priests, men and women who took Eckman's Alternative and are today well and strong without a trace of tuberculosis—pronounced so by physicians. Some of them took the Alternative 1 year ago when doctors said they would not live 10 weeks.

Could anything be fairer to yourself and those who love you and would do anything to restore you to health? If you are skeptical—investigate us, our medicine, our advertised statements. Write to those who have sent in affidavits and testimonials telling how Eckman's Alternative cured them. Here is one:

5323 Girard Ave., Philadelphia, Pa. Gentlemen: In the winter of 1903 I had an attack of Grippe, followed by Pneumonia, and later by Consumption. I grew steadily worse. In the winter of 1904 I had cough, night sweats, fever and raised quantities of awful looking stuff, and later I had many hemorrhages; at one time, three or four successive days. Milk and eggs became so distasteful I could keep nothing down. Three physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alternative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened until entirely gone. I am perfectly well. Everything I say here can be verified by my family and friends." (Signed Affidavit.)

Annelle Floyd Loughran. Eckman's Alternative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. For sale by Kelly & Pollard, Knoblauch Drug Co., People's Drug Store and other leading druggists. Ask for booklet of cures and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.

Mutt and Jeff are with us. Another appearance today on Classified page. Every day in The Herald hereafter.

## Get Rid of Stomach Distress

EAT A SQUARE MEAL WHEN YOU WANT IT AND TAKE TWO MI-O-NA STOMACH TABLETS TO MAKE REST COMFORTABLE

What's the use of always feeling miserable just because your stomach isn't behaving itself? Don't you know that scores of thousands of people have changed their bad disordered stomachs into perfect working ones by the simple method of swallowing one or two little MI-O-NA stomach tablets after each meal?

MI-O-NA is compounded from the formula of what is probably the best prescription for indigestion and upset stomach ever written. Kelly & Pollard guarantee it.

It relieves distress in five minutes, but better still it removes the cause of misery in a few days. Large box 50 cents at Kelly & Pollard's and druggists everywhere. Free trial treatment and booklet from Booth's MI-O-NA, Buffalo, N. Y., who also fill mail orders on receipt of price.

### Noted Alchemist Discovers A Cure for Tuberculosis

After so many others failed, it remained for Dr. Charles F. Aycock, of Los Angeles, himself a sufferer from the dread disease, to discover a specific that positively cures Tuberculosis.

This specific destroys the tubercle bacilli. It is then simply a matter of making the most of a patient's remaining vitality to insure permanent recovery.

Robert G. Knight, of Florence, Kansas, writes as follows: "In May, 1910, I began Tubercle's treatment for Tuberculosis. At the end of three months I had entirely recovered from the disease."

Full particulars concerning "Tubercle's," together with testimonials from others who have been cured by the treatment, will be mailed free on request. Address: TUBERCLE'S COMPANY, 703 International Bank Building, Los Angeles, California.

### Orrine Destroys Desire for Drink

The man who drinks to excess needs treatment for his condition. The Orrine treatment can be used with absolute confidence. It destroys all desire for whiskey, beer and other intoxicants. It is a simple treatment. It is given in the same—no sanitarium expense—no loss of time from work. It is an inexpensive treatment. Many men spend more in a day for whiskey and beer for their friends and themselves than would pay for the treatment.

We are so sure that Orrine will benefit you that we say to you that if after a trial you fail to get any benefit from its use, we will give you your money back. ORRINE is prepared in two forms. No. 1, secret treatment, a powder, absolutely tasteless and odorless, given secretly in food or drink. ORRINE No. 2, in pill form, is for those who desire to take voluntary treatment. ORRINE costs only \$1.00 a box. Write for Free ORRINE Booklet (mailed in plain sealed envelope) to ORRINE CO., 471 Orrine Building, Washington, D. C. ORRINE is recommended and for sale in this city by Kelly & Pollard, Sheldon Hotel.
